

## SPOTLIGHT ON OUR CORPORATE PARTNERS

As a token of our appreciation, we want to highlight **Senior Living Options** as one of our most valued Corporate Members and personally thank owners Susan and Rick Peterson and their caring staff, Rebecca and Jeff, for their support and involvement at the Center.

SLO provides a unique, invaluable and **FREE** service to seniors-in-transition and their families here in the Coachella Valley. When family members are no longer able to provide the level or length of care that seniors require, SLO steps in and researches and explains all the living/housing options, costs and benefits available to that individual. SLO then presents seniors and their families with the best possible solution to their needs and counsels them through the decision-making process so that they are confident in the level of assistance and care they have chosen.

With so many options for long-term care, it can be overwhelming and even scary to research and under-

stand them in all. SLO will help you understand your options, ensure you get your questions answered, assist you in your decision and stand by you through it all in order to smooth out and ease the transition process.

With more than 20 years of experience working with seniors, Susan and Rick have been an valuable resource for our Staff and Members.

Furthermore, we can hardly express our thanks to SLO's Rebecca Dominguez who, as Vice President of the Board, has been significant in helping raise funds and awareness for the Center and our outreach programs. We could not make it without the ongoing support of partners and members like you!
